A blurred background image of a business meeting. Several people in professional attire are seated around a table. One person in the center has their hands clasped and is holding a pen. A laptop is open in front of them. The overall scene is dimly lit, with a dark overlay. The text 'Enforcement updates' is centered in white, bold font.

# Enforcement updates

**FINE**

## Garante fines Food delivery platform and Airport Co.

The Italian Privacy Authority, Garante announced fines for data privacy violations as part of its enforcement action. The authority fined the food delivery platform, Deliveroo Italy, EUR 2.5 million for unlawfully processing personal data of about 8000 of its riders. Particularly, the delivery company was found in violation of using non-transparent algorithms for delivery management of its riders.

The authority also announced fine on Guglielmo Marconi Airport of EUR 40,000 and its software provider of EUR 20,000 for using a software which failed to protect the personal data of whistleblowers. Garante noted that the Airport company, was not using secure protocols to process and handle personal data of whistleblower applications, thereby violating GDPR's privacy by design principle.

# PLAID

## **Fintech settles privacy class action for USD 58 million.**

Plaid, a fintech firm in US, was accused of using and distributing bank account credentials and financial information of around 98 million people to third parties without consent. The class action suit was filed accusing Plaid of selling user's transaction histories and financial data to third party and also to Visa Inc. as part of its acquisition, without informing its users. Plaid agreed to pay settlement amount of USD 58 million to settle the class action.

## **Fine of NOK 100,000 for illegal surveillance.**

Waxing Palace AS, a workshop run by a waxing salon has been fined by the Norwegian Data Protection Authority, after a complaint was issued against the surveillance camera of the workshop. The authority found the workshop to be in non-compliance of GDPR, because it had no legal basis for surveillance using a camera. Thus, holding them in breach of privacy, the Authority fined them NOK 100,000 after concluding an overall assessment.
