# Carnival Cruise Line data breach reaches settlement

Florida-based Carnival Cruise Line has agreed to a multistate settlement of USD 1.25 million for a 2019 data breach that involved the personal information of approximately 180,000 employees and customers nationwide. Breach notifications stated that Carnival first became aware of suspicious email activity in late May of 2019 and reported the breach, 10 months later. Along with the settlement Carnival has agreed to a series of provisions designed to strengthen its email security and breach response practices.
